

OneSight® Global Eye Care

OneSight, a Luxottica Foundation, is a family of charitable programs dedicated to improving vision through outreach, research and education. Since 1988, these charitable efforts have provided free vision care and eyewear to more than eight million people in need around the world and have granted millions toward research and education. OneSight volunteers give the gift of sight through four program areas:

- Global Eye Care – Helping those around the world
- Regional Eye Care – Helping those in home countries
- Community Eye Care – Helping those in local communities
- Preventative Eye Care – Supporting vision care research and education

Through the **OneSight Global Eye Care program**, trained volunteers hand-deliver free vision care and eyewear to hundreds of thousands in need around the world each year through temporary Clinics. Through 2010, OneSight has conducted close to 200 Clinics in 37 countries, improving the eyesight and lives of more than three million individuals.

Highlights of the Global Eye Care Program include:
