

Annual Report
2008

Mission:

We exist to restore and preserve clear vision to the 250 million adults and children in need.

Summary of Past Year's Service Accomplishments:

Global Eye Care - Each year, OneSight volunteers travel to countries around the world to hand-deliver free vision care and eyewear to thousands of adults and children. OneSight works closely with local governments, health care officials and independent doctors of optometry to ensure each Clinic runs smoothly and local recipients receive the best possible care. To date, Luxottica and other volunteers have run 155 clinics in 31 different developing countries, helping over 3 million people. In 2008, OneSight conducted 20 Clinics in 11 countries helping over 368,000 people.

We also introduced new Clinic models, emphasizing partnerships with organizations that provide follow-up care and optical surgery to our recipients.

Regional Eye Care - OneSight has developed significant program and volunteer support to provide free vision care and eyewear to those in need through organized Regional Clinics. In 2008, OneSight conducted 19 weeks of Clinics across North America, helping over 25,000 people and dispensing over 15,000 pairs of new glasses.

OneSight also operates two Vision Vans, which travel across North America bringing clear vision to those in need. Each Van is a mobile optical lab, equipped with everything needed for a complete eye exam and new pair of eyewear. Local doctors and volunteers staff the Vans at each stop. In 2008, the OneSight vans spent 81 days on the road giving new glasses to nearly 6,000 children. (Continued)

Summary of Past Year's Service Accomplishments (cont.):

Community Eye Care - Local OneSight volunteers help those in need in local communities through Retail/in-store and outreach programs. Throughout the year, OneSight volunteer doctors and employees from participating Luxottica Retail stores, including LensCrafters, Pearle Vision, Sears Optical and Target Optical, provide free eyewear to recipients pre-selected by local charities based on visual and financial need.

OneSight volunteers also provide free vision screenings at schools and health fairs, as well as eyewear adjustments and repairs in nursing homes and shelters.

Recycling Efforts - Each year, OneSight conducts Clinics in developing countries where doctors and trained volunteers provide free eye exams and recycled eyewear to thousands of people in need. Donated glasses are collected at thousands of drop-off locations and are sent to a OneSight recycling center where glasses are cleaned, prescriptions are categorized and glasses are prepared to be hand-delivered during a Global Clinic.

Roster of the Officers and Members of the Board of Directors:

Members

Frank Baynham, Chairman
Mildred Curtis
Greg Hare
Brian Haigis
Emma Horn
Mark Jacquot
Wallace Lovejoy
Elizabeth Wood
Robin Wilson

Officers

Frank Baynham, President
Greg Hare, Executive Director
Brian Haigis, Treasurer
Jeanine McHugh, Secretary
