

OneSight exists to restore and preserve clear vision for the millions in need worldwide who cannot see clearly.

A new year is upon us! This year, we will be continuing our work around the world and right here in North America delivering vision care and glasses to those most in need. You can help OneSight this month by spreading the word! Send an e-card to your friends and family and share your passion for OneSight.

OneSight announces 2011 Clinic Schedule

[Thailand, India and South Africa become areas of focus](#)

Since 1988, OneSight has visited dozens of countries and North American cities, hand delivering vision care and eyeglasses. This year we are deepening our presence in key countries by making multiple visits to them. Our hope is to create sustainable eye care programs that complement the efforts of local governments and health organizations. Our 2011 project line-up features Clinics in Thailand, India, the Gambia, China, Mexico, Paraguay and South Africa.

In North America, we will be organizing return trips to many cities including Los Angeles, Chicago, Cincinnati, Cleveland and Fishkill, NY. We will be holding first time Regional Clinics in New Orleans and Minneapolis.

We send email invitations to tour or volunteer at OneSight Clinics, so be on the lookout for information on Clinics in your area.

Doctor Panel convenes to set 2011 priorities

[OneSight Doctor Panel works to enhance patient care](#)

Two years ago, the OneSight Doctor Panel was created to ensure that every patient and team member who attends OneSight Clinics has a positive experience. Recently, the panel of eight optometrists and one ophthalmologist convened in Cincinnati to develop their 2011 priorities which include enhancing inventory to ensure patients leave Clinic with the best pair of eyewear possible and partnering with in-country

Cincinnati Clinic Inspires Students!

Volunteers at the Cincinnati Clinic (December 6 - 10) helped 1220 students see their world more clearly. Among them, a 7-year-old named Jalen, who suffers from a lazy eye and had gone several months without glasses because his pair was broken.

Jalen was thrilled to receive his new glasses at the Clinic. "I wear my glasses in the classroom, at recess," said Jalen. "I wear them every day. I want to do well in school so I can be a policeman."

best pair of eyewear possible and partnering with in-country doctors to create refraction training programs that will lead to long-term care.

The panel is led by Dr. Doug Kiefer (LensCrafters, United States), who has participated in more than 20 OneSight Optical Clinics.

New Year. New Hope.

Share your passion for OneSight with friends and family in the New Year

One of the best ways you can help OneSight is to spread the word about our life-changing vision care programs. As we enter 2011, we are excited to share the scope of work with new people. You can help! Tell your friends and family about OneSight through an e-card and encourage them to sign up for updates on our website!
